# Environmental Policy

Glazewing, as a Waste Management service provider are committed to meeting demanding regulatory and stakeholder requirements. Where possible we will assist our customers in exceeding their waste management strategies and targets.

We recognise the demands of our stakeholders to consider and protect the environment and their expectations for us to consider measures to adapt our operations to better our environmental performance.

Glazewing are committed to engaging with neighbours, local community and regulators to better understand their requirements or concerns. We will communicate with these stakeholders regularly and look to exceed their expectations.

Glazewing will seek to handle and deliver products and services in a manner not detrimental to the environment by:

- Complying with all environmental legislation relevant to our activities
- Pursue continual improvements in environmental performance, applying new ideas and technologies
- Promote recycling, reuse and recovery of all waste streams and actively review alternatives to landfill where possible
- Identifying environmental risks, ensuring adequate controls measures and procedures are in place
- Encourage and agree, where appropriate, environmental improvement within our supply chain
- Reduce vehicle miles when travelling empty to a minimum
- Promote employee awareness of environmental issues through training, communication and teamwork
- Promote our commitment to environmental management in the local communities.

We are committed to challenging existing waste handling methods and pioneering improved techniques, to the benefit of both our clients and the environment. The Organisation is committed to operating its Environmental Management System in a manner that attains and sustains registration to the international Environmental Management Standard ISO 14001.

Signed

Date 20<sup>th</sup> August 2014

**Mr Phillip Wright - Managing Director**
