

5th January 2021

Lockdown 3.0 - Glazewing COVID 19 Statement

The Government has identified metal recycling as a critical industry and stated that the sector should continue working in order to support the nation's resilience during the continuing coronavirus outbreak.

Glazewing will continue to operate during these challenging times. To protect our employees and the wider community, we will only accept material from current business accounts.

We ask that you please adhere to the following:

- Only one person will be allowed in the weighbridge reception at any one time, please use the anti-bacterial wipes/sanitiser supplied, facemasks **MUST** be worn at all times whilst on site.
- Please leave the paperwork on the counter and step back. The weighbridge staff will process the paperwork and return to the counter (if required).
- Maintain the 2-metre rule at all times.
- Container drivers remain in their cab during the loading and unloading of their container.
- Visitor toilet located by the main entrance.
- No unauthorised personnel will be granted access to the offices.
- All visitors to site must adhere to Glazewing's COVID 19 risk assessment.
- If you display any symptoms of COVID 19 we will ask you to leave our premises in order to protect those on site.

We aim to resume to normal service as soon as the Government adjusts their guidance.

Thank you for your co-operation during this difficult time.
